# Symposium
# Labour Migration and
# Migratory Experiences in Asia

## 6 & 7 October 2014

**Connie Fan Multi-media Conference Room**
**Floor 4, Cheng Yick-chi Building, City University of Hong Kong**

The symposium aims to draw together migration scholars and researchers, migrant groups, NGOs, IOs, and policy-makers, to debate on various labour migration issues in Asia. As Hong Kong is historically a migrant city, and is now a hub for migrants from Asia, we believe it is pertinent to have the symposium held in HK. We are also increasingly aware of the various problems that migrants are facing; this symposium provides a timely platform for all concerned groups to exchange experiences and share views. The discussions will bring recommendations for policy changes that promote migrants' welfare and rights in Asia.
