Biomaterials

Editor-in-Chief

Professor D.F. Williams
One Sheffield Place, Winston-Salem, North Carolina, 27104, USA
Professor and Director of International Affairs, Wake Forest Institute of Regenerative Medicine, North Carolina, USA
Visiting Professor, Chrisiati An Barndor Department of Cardiothoracic Surgery, Cape Town, South Africa
Visiting Professorial, Fellow, Graduate School of Biomedical Engineering, University of New South Wales, Sydney, Australia
Guest Professor, Tsinghua University, Beijing, and Visiting Professor Shanghai Jiao Tong University, China
Emeritus Professor, University of Liverpool, UK

Managing Editor
Peggy O’Donnell
One Sheffield Place, Winston-Salem, North Carolina, 27104, USA
biomaterials@online.be

Associate Editors: Biomaterials Science & Engineering

P. Ducheyne (Materials Science and Bioactivity)
University of Pennsylvania, USA

S.-S. Feng (Nanotechnology and Nanomedicine)
National University of Singapore, Singapore

D.W. Grainger (Pharmaceutical Science)
University of Utah, USA

J. Hunt (Biocompatibility)
University of Liverpool, UK

K. Kataoka (Intelligent Materials)
University of Tokyo, Japan

T. Okano (Tissue Engineering Polymers)
Tokyo Women’s Medical University, Japan

S. Wang (Polymer Science)
Chinese Academy of Sciences, China

Associate Editors: Clinical Outcomes

C.R. Arciola (Microbiology)
Istituti Ortopedici Rizzoli, Italy

Y. Cao (Regenerative Medicine)
Shanghai Jiao Tong University School of Medicine, China

C.J. Kirkpatrick (Pathology)
Johannes Gutenberg University, Germany

W. Walsh (Orthopaedics)
University of New South Wales, Australia

P. Zilla (Cardiovascular)
University of Cape Town, South Africa

International Editorial Board

H. Ai
Sichuan University, China

L. Ambrosio
University of Naples Federico II, Italy

J. Anderson
Case Western University, USA

K. Anselme
Institute for Materials Science of Mulhouse, France

S.F. Badylak
University of Pittsburgh, USA

T. Barker
Georgia Tech, USA

S.L. Bellis
University of Alabama at Birmingham, USA

M. Bohner
Dr Robert Mathys Foundation, Switzerland

D. Campoccia
Istituti Ortopedici Rizzoli, Italy

S. Cartmell
University of Keele, UK

G.-Q. Chen
Tsinghua University, China

T. Chiriela
Queensland Eye Institute, Australia

P.K. Cheung
City University of Hong Kong, Hong Kong

S. Cool
A STAR Institute of Medical Biology, Singapore

P. Dubreuil
Ghent University, Belgium

A. Garcia
Georgia Institute of Technology, USA

S. Goodman
Stanford University Medical Center, USA

D.W. Grijpma
University of Twente, The Netherlands

V. Hasirci
Middle East Technical University, Turkey

D. Hutmacher
Queensland University of Technology, Australia

H. Iwata
Kyoto University, Japan

W.H. de Jong
National Institute of Public Health and Environment, The Netherlands

D. Kaplan
Tufts University, USA

J. Kopecz
University of Utah, USA

S.C. Kundu
Indian Institute of Technology Kharagpur, India

D. Lacroix
Institut d’Ingénierie Biomédicale, Italy

S. Leong
University of Connecticut, USA

C. Laurencin
University of Connecticut, USA

K.W. Leong
Duke University, USA

R.J. Levy
Children’s Hospital of Philadelphia, USA

E.H. Lin
National Taiwan University, Taiwan

Wei Liu
Shanghai Jiao Tong University School of Medicine, China

S.V. Madhav
Oklahoma State University, USA

I. Martin
University Hospital Basel, Switzerland

A. Pandit
National University of Ireland Galway, Ireland

L. Poole-Warren
University of New South Wales, Australia

B. Ratner
University of Washington, USA

W.M. Reichert
Duke University, USA

S.H. Rhee
Seoul National University, Korea

M. Salzman
Cornell University, USA

D. Seliktar
Israel Institute of Technology Technion City, Israel

M. Sittlinger
Charite University Hospital, Germany

P. Tengvall
Linkoping University, Sweden

V. Trajkovic
University of Belgrade, Serbia

H. Uhdad
University of Alberta, Canada

R.B. Vernon
Benaroya Research Institute, USA

E. Vogler
Pennsylvania State University, USA

A. Weiss
The University of Sydney, Australia

H. Yu
National University of Singapore, Singapore

N. Zlatos
Case Western University, USA
