CENG Student Ambassadors Scheme (2020 – 2021)

Department / Unit:
College of Engineering

Project Summary

Workshops and trainings are provided to the participants as student ambassadors to develop their leadership skills

Project Activities Highlighted

- Workshops on project management, team synergy and presentation skills, etc.
- Sharing by distinguished alumni

Achieved Outcomes

This CENG Ambassadors Scheme provided students a platform to acquire the soft skills in order to develop College-based exemplars of CityU all-rounded students, serve numerous University & College activities, as well as to improve the image of CityU students

CENG Student Ambassadors serving as MC in Virtual Industrial Day

Representing CityU at the Hong Kong International Education Expo 2021

Internship 101 (2021)

Department / Unit:
College of Liberal Arts and Social Sciences

Project Summary

A career development programme, namely “Internship 101” to provide students with an overall idea of hunting for an internship and exposing them to the working culture in different job sectors.

Project Activities Highlighted

Two workshops on internships which consisted of two parts, sharing session by guest speaker and followed up by interactive Q&A session.

Achieved Outcomes

The presentations helped the students gain better understanding of various management cultures in different organisations and the etiquettes for a successful internship. Stimulation to students’ career development and linkages with industries /employers.

1st Workshop on:
“Stress no more when applying for internships”

2nd Workshop on
“Expectations and etiquettes for internship”

Summer Market Place (2021)

Department / Unit:
School of Creative Media

Project Summary

To equip students with skills and knowledge of planning a small-scale event. Due to pandemic, the event is changed to online mode. The themes “summer” and “environmental protection” were emphasised.

Project Activities Highlighted

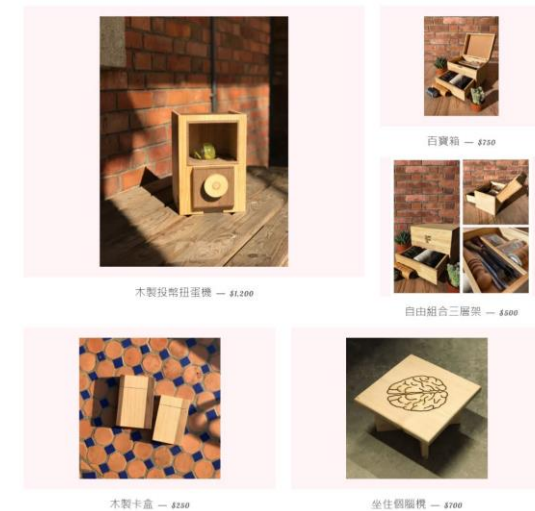

A webpage (screen captures on the right-hand side) and an Instagram page were set up for this event.

Achieved Outcomes

Students’ involvement in organizing the project and developing their abilities to operate e-commerce sites to replace offline marketplace. Equipped them with attributes, skills & knowledge to manage a brand and be responsible for their products.
