### A Trip Of Chengdu

My mother and I went to Chengdu on July 26 and toured the Tibetan areas in western Sichuan.

We were there for nine days. The second day afternoon, we went to Dujiangyan, which was a symbol of ancient people's wisdom and was more beautiful than modern cities.

Then, we went to the Siguniang Mountains. When we got there it was raining, but we played happily.

In the end, we went to Muge Lake. It was beautiful, we liked it.

All in all, I enjoyed the scene and the culture in Chengdu and western Sichuan. 程嘉沐（杭州新世纪外国语学校，初一年级）
