

## Pioneering research in western China 在中國西部進行開創性研究

CityU has become the first university from Hong Kong to establish a base in Chengdu following the launch of the City University of Hong Kong Chengdu Research Institute (CityUCRI), an innovative collaboration through which CityU can promote academic exchanges and policy studies and build on our strengths in innovative research in order to contribute to industry incubation and technology innovation.

隨着成都研究院（城研院）落成，城大成為香港第一所在成都設立研究院的高等院校。憑藉這次創新合作，城大既能推動學術交流和政策研究，亦能運用在創新科研上的優勢，為產業孵化及技術創新作出貢獻。
