

**CityU Library and the Centre for Animal Welfare,
School of Veterinary Medicine are proud to present the
'Animal Welfare Series 2016'.**

**The theme of the series of talks is:
Animals as Pets and Companions to People.**

*What is **animal welfare**?*

Why do people have pets?

*My pet is getting **old**?*

*Where do pets or **companion animals** come from?
How are they different from other groups of animals?*

*How can I avoid **problematic**
behaviours in my dog?*

Adopting a pet?

*How do I feel about
having a pet?*

Ten talks are lined up that will address these questions, and welfare, ethical and controversial issues associated with keeping companion animals.
