Addressed on the ceremony, Professor Way KUO said: “It is a historical time that the University is promoting the new curriculum, multi-discipline and innovation. The University is dedicated to providing professional education to the students and law school and business school are the center. You are fortunate to study in the best law school in this region. The School gained recognition from international society in various aspects, especially through mooting competitions, which gradually becomes the feature of the School.”

Professor Arthur ELLIS said: “CityU tries very best to pursue excellence in every discipline. An important approach is through attracting best students. The scholarship is the recognition of your excellent performance in high school.” He also expressed his gratitude to the secondary school principals in helping to identify the students.

Professor WANG Guiguo said that the School is committed to providing best education to the students. “To this end, we extend our collaboration with best law schools in the world to offer more exposure to foreign culture and foreign partners. The school will enter an agreement with Columbia Law School for our students to have one-month study there in the summer term. We also mutually agreed with Vienna Law Faculty for our LLM and JD students to obtain a double-degree from both universities.”
