Sustainable Hong Kong Research Hub
香港持續發展研究樞紐

ABOUT US

The Sustainable Hong Kong Research Hub (SusHK Hub) was established by a multi-disciplinary research team based in City University of Hong Kong (CityU) in November 2016. It is an open platform for impactful applied research on real-life sustainability issues in Hong Kong and the region.

SusHK Hub aims at facilitating synergies and collaborations among the academia, industry, professional services and business sectors, government and community in Hong Kong, Mainland and overseas. Priority themes include economic and social sustainability, in particular the development of Hong Kong professional services along the Belt-Road (B&R).

Professor Linda Chelan Li, Department of Public Policy of CityU, is the convenor of SusHK Hub.

Research Centre

The Research Centre for Sustainable Hong Kong (CSHK), established in June 2017, is an Applied Strategic Development Centre of CityU. CSHK houses the SusHK Hub and supports all the research and collaborative activities with stakeholders from different sectors and regions. SusHK Hub Convenor, Professor Linda Chelan Li, is also Centre Director.
Our Vision and Proposed B&R Initiatives for Hong Kong

As one of the world’s leading financial capitals and amongst the top global cities, with its distinctive advantage operating under the unique ‘one country, two systems’ framework and part of China, Hong Kong has its edge to attract business around the globe and serve as a bridge between the mainland and countries along the belt and road. The project plans to investigate the feasibility of the following B&R initiatives stemming from this role:

- Hub for international lawyers
- Model commercial code
- Arbitration and dispute resolution centre
- International business financing platform
- Credit rating mechanism
- Risk and project management
- International Hub for the Belt and Road
Our Multi-disciplinary, Cross-border Team*

Prof. Fangmin Yue

Presentation on B&R and Opportunities for Hong Kong in May 2017 at Shenzhen University
CSHK International Hub for the Belt and Road

Objective:
To facilitate the exchange of ideas between professionals and academics from various jurisdictions on issues and challenges in relation to the B&R.

Co-leaders:
- **Professor Linda Chelan Li**, SusHK Hub Convenor and CSHK Director, CityU
- **Dr. Michael Chak Sham Wong**, Department of Economics and Finance, CityU

Some Examples of Potential Activities and Discussion Topics:
- international bond market for sovereign bonds etc. to support infrastructure projects in B&R countries
- international stock market for leading companies from B&R countries to issue new equity for their business expansion
- talent incubation among B&R countries on professional services in Finance, Banking, Accounting and Law
- collaboration among financial institutions in B&R countries to support SME development
- shared legal and accounting standards on infrastructure investments and cross-border investments among B&R countries
- economic research on foreign direct investments, international trade, international banking and infrastructure projects among B&R countries

Email Us to Join CSHK International Hub Now!
Gain insights and foster collaborations with different sectors in B&R countries!
